To: LEONARD ZINTAK, RICHARD KARL, BILL BOLEN, CHARLES GEBIEN, JOSEPH KAWECKI, Thomas Krueger,
Subject: Interview form for NE Minneapolis

Attached is the Interview form that we will be using for our interviews with residents living in the area around the Western Minerals site in NE Minneapolis next week. This has undergone extensive review by the Vermiculite Team and by the Community Involvement specialists who will be participating in the interviews. This is not a form that we will be handing out to the residents, but rather a format for the interviewers to use to as a means of recording key information during those interviews. Any unsolicited confidential medical information provided to us will be forwarded directly to the state health department.

Mark interview.
